Gary Nicholls

Gary will inspire us to try new ideas and to ignore convention in creating a personal project, using the camera as a tool to create

Fine Art images from imagination to realisation. He is creator and author of *The Imaginarium Trilogy* - a 450-image fine art story telling an intricate, fantastical, dark, but ultimately beautiful steampunk story through the medium of fine art images. So far, eight years in the making.

This talk takes place online using the Zoom app. The login code will be emailed to members. Visitors are welcome and entry is free (voluntary donations are welcome). Please request the Zoom code by visiting www.hdcc.org.uk/syllabus
