Chris Shepherd

As photographers we often suffer from "Locational Myopia", constantly wishing we were in some exotic

location with much better equipment. In **Looking Local** Chris will detail his own fight with this photographer's condition and suggest ways to overcome it. He will also describe his personal journey towards becoming a leading landscape photographer.

This talk takes place online using the Zoom app. The login code will be emailed to members. Visitors are welcome and entry is free (voluntary donations are welcome). Please request the Zoom code by visiting www.hdcc.org.uk/syllabus
